What is your interest in serving on this board, commission, or	I believe that housing policy and zoning, while incredibly important in their own right, are some of the most crucial tools that a locality can use to simultaneously combat both climate

committee?	change and inequality. As a concerned resident of Missoula, I want to give back to my community by serving on this commission and acting in the interest of all Missoulians. How our city grows and develops is critical for meeting our stated commitments on livability and climate change, and as such I wish to bring my expertise on these issues to this role.
Do you have any special knowledge, interest, or experience that would qualify you for a position on this board, commission, or committee?	I have worked extensively on building and transportation decarbonization plans during my tenure at Climate Smart Missoula, including those to utilize zoning, form based codes, density bonuses and other efforts that fall under the Planning Board's jurisdiction, in order to help move Missoula closer towards its climate action goals.
