I have no objection to this. We've changed the meeting date to accommodate Jason Rice's schedule. One good turn deserves another, as the saying goes.

Let's check in with staff about this and if it works for them and council, we can inform Jason and others.

Best,

John

John,

Jeff Stevens stopped by and asked to send you a message letting you know that he is unable to attend the LUP meeting on 9/18 and neither are the Henricksons. He asked if you would consider delaying to the following week.
