| What is your interest in serving on this board, commission or committee?   |  |   |  |
| <p>I want to serve on the Missoula Public Art Committee because there seems to be a lack of Indigenous representation in Missoula's art scene and I want to change that. I want to use this appointment as a means to uplift and center Indigenous history, perspectives, and worldviews through art. This will also be my first experience sitting on a committee, so I am hoping to orient myself more with the duties and responsibilities.</p> |  |   |  |

**Do you have special knowledge, interest or experience that would qualify you for a position on this board, commission or committee?**

As a student at the University of Montana, I had the opportunity to serve as an executive officer for the Kyiyo Native American Student Association. Through that experience, I was able to establish and maintain relationships with many Indigenous people throughout the Missoula community, as well as the greater state of Montana. These relationships are important because I believe that they can serve as an opportunity to expand the reach of the Missoula's Public Art Committee into Indian Country.

I am also very passionate about Indigenous representation in art and film. Unfortunately, I am not an artist or a filmmaker, so this is the next best thing (haha).

Thank you so much for considering me for this position.
