<b>What is your interest in serving on this board, commission or committee?</b> I am most interested in serving on the City of Missoula's Board of Adjustments because I agree with the goals outlined in Missoula's 2035 City Growth Policy and want to help uphold the character of the zoning code that makes those goals possible.			
<b>Do you have special knowledge, interest or experience that would qualify you for a position on this board, commission or committee?</b> As a professional Land Use Planner, I have special knowledge of Missoula's zoning code and understand that variances from that code are sometimes necessary when hardships presented by topography, surrounding development, or existing infrastructure would make development prohibitively expensive or impossible.
