**Background and Alternatives Explored:**

This fencing will enclose the Authorized Camping Site on the City-owned property by the Wastewater Treatment Plant, as well as securing the compost facility. There will be a mix of some permanent and some temporary chain link fencing with privacy slats. The portion for the camping site total \$29,425 and will be paid from American Recovery Plan Act (ARPA) funds allocated in the fiscal year 2022 budget. The portion of fencing for Garden City Compost totals \$11,985 and will be paid from the compost budget. Staff obtained two quotes, and Grizzly Fence was the lower one.

**Financial Implications:**

The project comes to a total of \$41,410 from ARPA and compost approved budgets.
