RE: Upper Prospect Tank #2, Bid Recommendation

Dear Mr. Schultz,

We have evaluated the bids received on December 7, 2021 for the Upper Prospect Tank #2 Project which includes the construction of a 150,000 gallon cast-in-place concrete, buried water storage tank and associated appurtenances.

One bid was received from Prospect Construction, Inc. for \$880,794.00. The engineer's estimate was \$721,772.00.

Our evaluation of the bid and supporting documents including relevant experience indicates that they are capable of completing the work required. Therefore, we recommend the award of a contract for construction of the Upper Prospect Tank #2 to Prospect Construction in the amount of \$880,794.00.

Sincerely,

Shanna Adams. P.E. ENV SP  
Project Manager
