BA in Liberal Studies from Montana State University-Bozeman

List of community service experience:

Missoula Alliance Church-kid's program, Kiwanis Member, Red Cross Disaster Action Team, Global Volunteer Network, Volunteer EMT at Sidney Health Center, Lionel Hampton International Jazz Festival

What is your interest in serving on this board, commission, or committee?

As life long Montanan, I can't help but know the impact of the environment on our everyday lives. It is our duty to protect our environment for future generations. By the grace of God, we get to live in this beautiful place and it is our duty to protect it.

I enjoy being involved in community driven initiatives and thrive working together as a coalition.

Do you have any special knowledge, interest, or experience that would qualify you for a position on this board, commission, or committee?

I have worked in the Bakken Oil Fields at a crane and heavy haul company. Growing up in eastern Montana, I understand the workers point of view but also strive to reach a balance. I am certain that our community can find a way to achieve a balance that supports our economy while also preserving our environmental resources. I now work at an environmental law firm here in Missoula.

I have a personal dive to leave as little a footprint on the Earth as possible. I have invested great time and effort in reducing my own families footprint because I believe we are all in this together.
