Re: City of Missoula

Dear Cage,

Thanks again for your interest in partnering with us on your Email Security needs. James and I wanted to provide assurance on your commitment of a 3 year term with Barracuda that you will be grandfathered in for the plan/SKU purchased, so that eligibility for renewing that service upon expiration will be available. We look forward to working with you while helping ensure the security staff and business.

Sincerely,  
John McAvoy  
Sr. Director of Sales
