RE: RIVER VIEW 19-LOT SUBDIVISION, MISSOULA. SHPO Project #: 2021052805

Dear Mr. Dehnert:

I have conducted a cultural resource file search for the above-cited project located in Section 20 T13N R19W. According to our records there have been a few previously recorded sites within the designated search locale. In addition to the sites there have been a few previously conducted cultural resource inventories done in the areas. I've attached a list of these sites and reports. If you would like any further information regarding these sites or reports, you may contact me at the number listed below.

It is SHPO's position that any structure over fifty years of age is considered historic and is potentially eligible for listing on the National Register of Historic Places. If any structures are within the Area of Potential Effect, and are over fifty years old, we would recommend that they be recorded, and a determination of their eligibility be made prior to any disturbance taking place.

As long as there will be no disturbance or alteration to structures over fifty years of age, we feel that there is a low likelihood cultural properties will be impacted. We, therefore, feel that a recommendation for a cultural resource inventory is unwarranted at this time. However, should structures need to be altered or if cultural materials be inadvertently discovered during this project, we would ask that our office be contacted, and the site investigated.

If you have any further questions or comments, you may contact me at (406) 444-7767 or by e-mail at dmurdo@mt.gov. I have attached an invoice for the file search. Thank you for consulting with us.

Sincerely,

Damon Murdo
Cultural Records Manager

Hey Damon,

Thanks for the prompt response and for clarifying the payment process. I will take care of that payment as soon as I receive the report.

Thanks for your time and consideration,

Joe Dehnert
Civil Designer

Joe,

Yes, we will send an invoice along with our letter and the results of the file search if there are any. There will be a link on the invoice to an online payment portal, or checks are acceptable as well.

Thanks,

Subject: [EXTERNAL] River View Subdivision SHPO Request

Hey Damon,

My name is Joe Dehnert, and I am a new Civil Designer over at IMEG. This is my first time requesting an inquiry from your office so feel free to let me know if I've gone about it the wrong way. I assume you will be able to send me an invoice for the 25\$ surcharge, but if I am supposed to send a check or pay via another method please let me know. I've attached the SHPO File Request Form above as well as a map showing the proposed project location.

Best,

Joe Dehnert
Civil Designer

To Whom it May Concern,

Re: Neighborhood meeting for River View Subdivision

The purpose of this letter is to invite you to a Neighborhood Meeting for a proposed major subdivision in the city of Missoula. The subdivision is proposed on property located at 1923 River Road Missoula, MT 59801. We will be hosting the meeting at the address listed above on Wednesday, July 28th at 4:00 pm (MT).

This meeting will be an opportunity for us to share our project with you. This subdivision will create 19 lots on roughly 2.4 acres. We are excited to show you our plans.

During the meeting we will provide you with an overview of the project and details regarding the ongoing public review process. We want to hear your comments. We ask for your patience during the meeting so we can make sure to communicate with all attendees.

If you are unable to attend the meeting, please feel free to send your comments to paul.t.forsting@imegcorp.com or mail them to the address found at the bottom of this page. We look forward to connecting with you at the meeting.

Sincerely,
Paul Forsting

PROJECT	DATE	BY	PROJECT NO.
---------	------	----	-------------

- Why are you putting so many boxes here?
- P.F. - its what every will allow
- Why are peoples comments getting ignored?
- P.F. - we will never ignore comments, we will always incorporate your comments
- So there are two story boxes?

P.F. - They can be, but we haven't limited it

P.F. - These units aren't even at the maximum density, they are complet w/ growth power

- Please don't do Two Stories

P.F. - we will incorporate this into our comments

- Under Court prepared reading...

- States concerning regarding local grant concerns. we are concerned that new development will alter quality of life.

- Does this development have HOA's?
- If there's an HOA, this would mean no parking
- This could have no HOA & no community fees

PROJECT	DATE	BY	PROJECT NO.
---------	------	----	-------------

P.F. - Pools should be allowed.

- Two story home will impact on views & our privacy.

P.F. - No setbacks on your property (Carter's orchard houses)

- Will a traffic study be done?

P.F. - No traffic study will be done.

- River Road to be a complete street.
- Carter's Orchards Homes is built for seniors, it was part of a condition.

- How does the city determine which street becomes public & private?

P.F. - if there is a front street it usually gets selected by the city for incorporation.

- This subdivision should really have an HOA

- I've built parks & golf courses around the city. If this is done right, house values can skyrocket.

PROJECT	DATE	BY	PROJECT NO.
---------	------	----	-------------

- There are number of things we don't know about.
- When is development actually proposed?

P.F. - ideally by next year.

- we definitely expect limited street parking.
- Would the developer be interested in a place like Couriers Orchard House?

P.F. - potentially, but are following city standards.

- What are the next steps?

P.F. - once we submit, the city will assign a planner. We will make sure everything is right on our end, then we go to the planning committee which is a public meeting where everyone has the opportunity for your opinion. The planning board will then decide approval or denial.

D.D. - the gave overview at planning process.

- Can you explain Block Length?
- What is building timing?

P.F. - answered both.

PROJECT	DATE	BY	PROJECT NO.
---------	------	----	-------------

- Is there any way that these homes could be single family on the eastern side & two-story on the western side?
- HCY now! NIMBY, come on.
- We've got an insider now (referring to ^{Shade more,} ~~Shade more,~~)
- If the LOT 17 fence can't a ^{refurbish} be saved, that would be great

P.S. -

- What will happen with a bus stop turn-around? It's only a matter of time before an accident happens at the bus stop.
- Five, four should have pedestrian infrastructure built out, I used to be scared to bike home at night

CARTER'S ORCHARD HOMES

LLC
HOMES
FROM

The owner/ residents of Carter Orchard Homes at 605-631 Carter Court would like to take this opportunity to share with the owner and developer of the proposed River View Subdivision some of the questions, concerns and comments we have regarding this proposal. We all have considered ourselves fortunate to be a part of this serene and well-planned little community designed for residents in the 55 plus age group. A significant factor in maintaining the value and desirability of our properties is the HOA that regulates it. We are concerned that a new development literally in our back yard might significantly alter the quality of life we enjoy here.

Ideally, developing additional 55 plus housing in this development might extend the community feel of neighborhood while meeting the needs of the community.

We are concerned about the following:

- 1 Whether this will be developed with an HOA and covenants to protect values?
- 2 Will two story houses impact our views and privacy?
- 3 The increased traffic from 19 residences will impact an already busy street. Will a traffic study be done?
- 4 What is the price point of the proposed housing?
- 5 Who is your targeted market?

- 6 Will the units be owner occupied or will there be rental units?
- 7 Will these be single family dwellings?
- 8 Will the subdivision be developed as lots are sold or developed and then sold?
- 9 Will there be a model template or built to suit?
- 10 With on street parking, there is concern about snow removal, garbage trucks and emergency access.
- 11 Will the homes have garages?
- 12 Will there be streetlights?
- 13 Will the subdivision be landscaped, or will that be the responsibility of buyers?
- 14 Will there be any privacy fencing?
- 15 What measure will be taken during construction to mitigate the disturbance to the neighboring properties?
- 16 What is the timeline for this development?
- 17 What variances to the city codes do you anticipate requesting?
- 18 How can we be reassured that the quality of the construction will meet the test of time?

Subject: Request relating to Missoula subdivision on River Road

CAUTION: Email originated outside of the organization.

Dear Mr. Forsting,

This request is regarding the major subdivision which IMEG is proposing at 1923 River Road, Missoula, MT 59801. We own and live at 631 Carter Court which is directly East of this address.

Your proposed subdivision is literally in the back yards of half in our small senior community on Carter Ct. Obviously, as owner-occupants, we are concerned and will have comments and questions on July 28th.

Possibly some of these concerns could be ameliorated if we could see the proposed plans for this property before the meeting. With this information, we believe our comments and questions would be more pertinent.

Several in our community have reviewed the IMEG web site and appreciate your sense of community and are encouraged that IMEG wants to create a sustainable environment and protect our natural resources.

While we are not excited about losing our views and quiet, we do realize that this was a possibility for our adjacent land.

Sending the information by email is fine or we could pick up a copy locally. If it appears online a link would be fine, also.

If you need added information from us, please let us know. Thank you for your timely response to this request.

Sincerely,

Richard and Evelyn Fizell

Hi Paul,

I received your letter about the proposed subdivision.

I'd support a 10 lot design that conforms with the standard RT-10 zoning, but not a 19 lot design.

Joe,

I am including Superintendent Rob Watson in this reply as he may provide some direction for you.. I can tell you that currently, Hawthorne is not at capacity, so we have space for students in each grade level. MCPS may be able to provide additional information as you proceed with the planning.

Good Luck!

Hello,

My name is Joe Dehnert and I am a Land Use Planner working for IMEG in Missoula. I am currently working on a subdivision application for a property located at 1923 River Road which I believe is in the Big Sky High School, C.S. Porter Middle School, and Hawthorne Elementary school districts. One of the questions posed in the subdivision application is how the subdivision could potentially impact schools in the area. I am reaching out to discuss if your schools would encounter an adverse impact due to an increase of 20 new single family homes in your district. Additionally, the application requests a calculation of the number of school aged children that the subdivision is expected to add. Is there a current equation used to determine this? I know this may seem like an odd discussion so if you've encountered these questions in the past and can direct me to anyone who may be able to help I would greatly appreciate it.

Hope to hear from you soon,

CAUTION: Email originated outside of the organization.

Hi Joe, thanks for reaching out. We have limited capacity but this is based on staffing not the size of the building. So if there is an increase in enrollment we can handle that and will work with the district to get more teachers to support the numbers.

Subject: RE: River View 19-Lot Subdivision SHPO Project #2021052805

CAUTION: Email originated outside of the organization.

Hi Joe,

My initial review of this project agreed that a cultural resource inventory was not warranted. However, If the building that you describe is over fifty years of age and will be demolished, altered, etc... we recommend it be recorded as historic (over 50 years) and it's eligibility determined prior to that happening.

This is our recommendation. It is up to the permitting agency to make the final determination on what does/doesn't need to occur.

Please let me know if you have further question.

Subject: [EXTERNAL] River View 19-Lot Subdivision SHPO Project #2021052805

Damon,

Thanks for your report regarding our River View Subdivision. In your report you noted "should structures need to be altered or if cultural materials be inadvertently discovered during this project, we would ask that our office be contacted, and the site investigated". We conducted a thorough walkthrough of the existing home and spoke with the owners, Robert and Coleen Anderson, about its history. Following the construction of the home in 1954, it was occupied by Coleen Anderson's father and subsequently occupied by the owners listed above. To their knowledge the home has only ever served as a residence for these parties, and has never been associated with any significant local, state, or national historic person (s). To their knowledge the home is not associated with any notable historic event, nor does it possess any significant architectural merits. The home does not provide any answers to any archeological questions. Photos of the home are linked at the end of this email to serve as validation for lack of architectural merits as the home is of typical construction for the era in which it was raised. Lastly, a review of the Cadastral information was conducted to determine available dwelling information, and the classification of the home is a Single Family Residence (SFR) of Conventional Style Construction with typical Masonry & Frame exterior brick wall construction. Cadastral offered no atypical features associated with the dwelling – please see the image of the Cadastral Review Below.

Dwellings						
Existing Dwellings						
Dwelling Type	Style	Year Built	View			
SFR	08 - Conventional	1954				
Dwelling Information

Additions / Other Features						
Additions						
Lower	First	Second	Third	Area	Year	Cost
	69 - Garage, Frame, Unfinished			484	0	19897
	30 - Carport, Frame, Finished			264	0	5454
	33 - Deck, Wood			108	0	1463
There are no other features for this dwelling						

The original SHPO report listed that previously conducted cultural resource inventories have been carried out in the area. That fact, combined with the fact that no inadvertent discovery of cultural materials occurred during a comprehensive property walkthrough leads us to believe that a cultural resource inventory for this site is unwarranted. Please review the photos linked below and respond if these conditions are sufficient for your requirements.
