What is your interest in serving on this board, commission, or committee? I've spent countless hours hiking, skiing and exploring in our local mountains. Summers I spend time on Flathead lake and watch as fires and extreme weather has changed the landscape and ability for all of us to use and enjoy outdoors. I want to participate in the proactive changes we all need to make so my generation can grow up with outdoor opportunities.	
Do you have special knowledge, interest or experience that would qualify you for a position on this board, commission, or committee? I have the ability to speak to peers in a way adults are not always as successful and I know I could charge them up and get involved in our local issues, and power the changes we need to make. There is no better way to bring a community together
