Background and Alternatives Explored:

John MacDonald worked as the City's lobbyist for the last several legislative sessions. In 2021, Central House Strategies subcontracted with Mr. MacDonald and worked closely with the City on our legislative priorities. Mr. MacDonald is no longer available to represent the City. Central House Strategies is the successor company and has an excellent working relationship with both City staff and legislators and has advocated diligently and effectively for the City's interests.

Prior to the start of the legislative session, staff will return to Council with a presentation of our legislative tracking tool and to discuss how we will communicate with Council for the session. We will also plan to have a pre-session introduction with the Missoula legislative delegation. The City's political interests during the legislative sessions are often complex and adequate funding is critical to support city interests.

Financial Implications:

This referral is being drafted prior to adoption of the FY23 budget. If the budget is approved as proposed on August 22, the \$38,000 request will be included in the approved budget.
