Background and Alternatives Explored:

Public Works & Mobility is proposing a second amendment to the Professional Services Agreement with HDR, Inc for the construction oversight of the Upper Prospect Water Tank No. 2 project. This amendment will ensure that we have engineer oversight for 4 hours per day during construction to ensure that the water tank and appurtenances are installed project plans and specifications. This water tank is specialized construction that requires good oversight to ensure that it is constructed and functions correctly.

Financial Implications:

\$49,420.00 from the Water Enterprise Fund
