### **3.1 Repeal Domestic Partnership Registry Resolution**

Legislative Services Director/City Clerk Marty Rehbein presented the history and action on this resolution.

In 2013, Council adopted a resolution creating a domestic partnership registry for unmarried couple to have their relationships recognized. Since then, the United States Supreme Court declared same-sex marriage legal in all 50 states. When same-sex marriage became legal, the domestic partnership registry was created as a way for Montana residents to declare their partnership and get a certificate they present to their employer to receive domestic partnership benefits. In 2020, 18 partnerships were registered and in 2021, 22 partnerships were registered.

The City Clerk's office would like to evolve this program from a registry to an affidavit declaration form that is available on the City website. Couples will access the affidavit on the website, fill it out and have it notarized, and present it to their employer for benefits. The City Clerk's office will also like to add an affidavit form for domestic partnership dissolution to the City website that can also be presented to an employer.

The benefits of passing this resolution include time, effort and money saved for citizens and the City Clerk's office. In addition, it will reduce data collection about the private lives of Montana citizens.

**Moved by:** Amber Sherrill

Adopt a resolution of the Missoula City Council to repeal resolution number 7801 entitled "A resolution of the Missoula City Council expressing support for the Human Rights Campaign's important work and authorizing the creation of a Domestic Partnership Registry".
