Now, therefore, the parties agree as follows:

ARTICLE I. GENERAL OBLIGATIONS OF MDT

1. MDT will design and award a Contract to construct the Project.
2. MDT will provide the City opportunities to participate in the Project's development, including invitation to the final inspection of the project.

3. The City will maintain all items within the right of way, including the path surface (pavement repair, pavement preservation, and snowplowing), and will maintain all features, including signals (if present) and non-decorative lighting, unless otherwise noted herein.

ARTICLE II. GENERAL OBLIGATIONS OF THE CITY

1. The City agrees to conform in all regards to Mont. Code Ann. Title 61, Chapter 8, and will not take any action, by enacting an ordinance or otherwise, in contradiction of the traffic laws in Mont. Code Ann. Title 61, Chapter 8.

8. The City agrees to regulate utility occupancy on the right-of-way of this highway in conformance with occupancy regulations that comply with or are more restrictive

than the requirements of the Administrative Rule of Montana, 18.7.201 thru 18.7.241, governing "Right of Way Occupancy by Utilities."

If all or part of the shared use path becomes unsafe for use, the City agrees to restrict access to the affected area until the condition has been remedied.
- b. For the purposes of this Agreement, "maintenance of a shared-use path" is defined as: grinding or milling down displacements; surface patching; crack sealing; sweeping; cleaning; washing; replacing portions of damaged path; removal of snow and ice; repair of chipped, fractured, or broken surface from any cause, including but not limited to frost heaving, landscaping, tree roots, or encroachments; removal of debris and other obstructions or impediments to the safe travel of pedestrians or other path users; maintenance of all associated drainage features; maintenance of path-related signs; and any and all other normally accepted maintenance practices.
- c. For the purposes of this Agreement, "maintenance of shared-use path signs," is defined as: the inspection, cleaning, repair and replacement of signs damaged through weathering, vandalism, wind, and other means.

ARTICLE V. FUNDING

1. The City agrees to pay the requisite 13.42% non-federal matching funds for the construction of the off-system portion of the project and associated indirect costs up to the allowable overrun percentage. If construction costs exceed the allowable overrun percentage, and if the State and City agree to award the project, the costs more than the allowable overrun percentage will be paid for by the City.
2. The City is responsible for 100% of non-federal aid eligible costs and for the payback of state and federal funds expended on non-federal aid eligible elements of the Project, if required.
3. It is understood and agreed between the parties that Section 17-1-106, MCA, requires any state agency that receives non-general funds, including MDT, to identify and recover its indirect costs. These costs are in addition to the direct Project costs.
4. The City will be billed in advance for its local funds, including indirect costs and materials test rate. The billing for the Project's preliminary engineering (PE phase) will be sent within 30 days of this Agreement being signed. The billing for the Project's construction (CN & CE phases) will be sent no fewer than sixty (60) days prior to the Project's anticipated advertisement for letting.
5. The City will submit payment to the State within thirty (30) days of billing. Payments to this Project will be provided to the State in the form of a check to be credited to the Project. The payment(s) should be sent to MDT's Administration Division at:

Montana Department of Transportation
Attention: Collections
2701 Prospect Avenue
P.O. Box 201001
Helena, MT 59620-1001

6. MDT will not submit programming requests to FHWA for individual project phases until the required local funds have been transferred to MDT. The Project will not advance past the Preliminary Engineering (PE) phase until a funding package (CN & CE) for all improvements, including contingencies and overruns, is in place to MDT's satisfaction.
7. If payment is not made by the City within the thirty (30) day period, interest on the unpaid amount will accrue at the rate of 10% per year and continue to accrue until paid in full.
8. MDT will not participate in any future funding Agreement with the City until full payment, including any interest, is received from the City.

9. City agrees that, if the City terminates project development at any time, it will reimburse MDT for all costs incurred by MDT up to the date of the stoppage, including any required payback of Federal funds already expended on the Project.
10. If, after initial payment is made for the Project's construction (CN & CE phases), the bid opening or award by the State is delayed or postponed by thirty (30) days or more or canceled for any reason, the State agrees to refund the City initial payment within thirty (30) days, upon the City written request.
11. The current Project cost estimate, including IDC, materials test rate, and inflation, is shown in Table 1. This estimate will be updated, until Project closeout, at Project milestones and/or as more refined estimates become available. Any such revisions will be incorporated into this Agreement via Amendment, in accordance with the General Terms and Conditions.
12. The State's Project Manager will inform the City point of contact as soon as possible of anything that it appears will result in a cost increase and will discuss with the City the need for any possible additional funds, alternative designs, and/or reduction of the Project's scope and will consider the City comments and concerns about the additional costs and/or alteration in scope or design. None of this will prevent, delay, or excuse the City from paying for any additional costs deemed necessary by State.
13. The State agrees to award the Project using Federal, State, and City matching funds, provided that the lowest responsive bid does not exceed the allowable overrun percentage shown in Table 2.
14. If the lowest responsive bid exceeds the allowable overrun percentage, as listed in Table 2, the State will contact the City to determine a funding solution agreeable to both Parties.
15. The Parties understand that it is possible that the estimated cost of the Project's construction may be exceeded once the Project has begun.
