I feel very strongly that Ward 3 should not cross Russell into Ward 6. These Neighborhood are not even close to similar in what they desire from political leadership. Nipping a piece of the F2F and moving it into a minority political opinion of Ward 3 is a disservice to these residents. Ward 3 would be better growing to the South or North as both of those areas are similar in ideals and character of neighborhood. Leave the F2F whole as a political body.
