Address:			
What is your interest in serving on this board, commission or committee? My interest in serving on the Parks and Recreation advisory committee, comes from my appreciation for urban green spaces. I have seen how parks play an integral role in creating a space for all people to enjoy regardless of thier background or socioeconomic status. I hope that I am able to bring my expereince and expertise to a department that I know is signifigant to the core of Missoula's commuuty values.			
Do you have special knowledge, interest or experience that would qualify you for a position on this board, commission or committee? I have a experience as an educator, where I have utilized a number of local parks as informal classrooms. I have worked for nonprofits focusing on bettering green urban spaces. I have also worked on a previous study examining the recycling and compost programs in Missoula's parks while in my graduate program.
