Background and Alternatives Explored:

The National Park Service awarded a \$445,059.84 Land and Water Conservation Fund (LWCF) Grant jointly to the City of Missoula and Missoula County Public Schools (MCPS). This agreement clarifies that the City will be responsible for grant implementation and administration - ensuring that our respective partnership project roles are clear. The terms of the agreement have been reviewed and are acceptable to both the Parks Department and City Legal as well as by MCPS leadership. This agreement is desired to clarify the respective partnership responsibilities of the City and Missoula County Public Schools specific to this grant.

Financial Implications:

None. The agreement does not change the grant amount, the match requirements, funding sources, or the anticipated City staff workload for implementation of the Westside Park project.
