What is your interest in serving on this board, commission, or committee?	Strong planning is integral to the future of Missoula. One of the most important issues we face right now is affordable housing. I've been working in real estate/housing for 26+ years and am passionate about housing and my community in general. I live up the Rattlesnake and see the value of trails and open space as well, which are so valued by our community. Striking the right balance with growth and protecting our environment is imperative.
Do you have any special knowledge, interest, or experience that would qualify you for a position on this board, commission, or committee?	I have 26+ years as a licensed real estate broker in Montana with experience in residential and commercial real estate sales in western Montana. I've personally done 2 subdivisions: 16 lot Cheyenne Lane in East Missoula and 1 lot on Duncan Drive. I have a strong interest in serving my community (ran for and lost City Council Ward 1 election this year) and particularly with helping to create middle/workforce housing in Missoula. I know I have expertise and market knowledge to share and an interest to learn more and serve.
