Are you registered to vote?	Yes
Current Occupation:	Land Use Planner
Current Employer:	IMEG Corp.
If you'd like, you can attach a resume or other document for the City Council to consider.	Resume - Anna Vickers2021.pdf
Briefly describe your educational background:	<p>I have a degree in political science and a degree in history from Louisiana State University. Upon graduating I took a year off to study for the LSAT and save money for law school. During this gap year I worked for the State of Louisiana as a budget analyst for the Department of Administration. I was specifically in charge of submitting the budget regarding juvenile detention centers. Upon acceptance into law school my father convinced me to quit my job and travel for the last two months before school. I traveled to Montana as part of this trip. I loved Missoula and saw the UM Law School program. I decided to move and work for a year to gain instate residence. I began working at WGM Group. It was noticed that my propensity towards law would help in land use planning. I slowly worked my way up to Planning Technician. I was approached by IMEG to become a Land Use Planner. At the time, WGM could not provide the growth I needed to obtain my American Institute of Land Use Planning Certification (AICP). I decided my career goals better aligned with the future available through IMEG and made the switch. I now have over 4 years total experience working specifically on planning projects within engineering consultant firms.</p>
List of community service experience:	<p>I have volunteered at the Missoula Food Bank since 2017 until COVID19 and am currently corresponding with the volunteer coordinator about my return. During COVID19 I reached out to Imagine Missoula to see how I could help out. I grocery shopped for an elderly woman, Debbie, for a year. Debbie had my contact information and contacted me directly for help. I also met Elaine through Imagine Missoula. I help Elaine, an elderly woman, with her gardening needs 4-5 times during summer and trim her plants back for winter preparation. While employed at WGM Group I also collected all used cans and brought them to Missoula Animeals for donations.</p>

What is your interest in serving on this board, commission, or committee?

I currently work as a Land Use Planner for IMEG Corp. I feel that my experience in the private sector will be helpful to the planning committee. I am also a member of the community and care about future development. Also, as a citizen in her 30s I feel that growth and planning within the community should be at the forefront. There are many people my age struggling to buy homes and I'm hoping my participation on this committee will help with my understanding as well as excellent design for future use.

Do you have any special knowledge, interest, or experience that would qualify you for a position on this board, commission, or committee?

I currently work as a Land Use Planner for IMEG Corp. I feel that my experience in the private sector will be helpful to the planning committee. I am also a member of the community and care about future development.
