Background and Alternatives Explored:

Public Works & Mobility is proposing to enter into a Professional Services Agreement with IMEG, Co. to design the replacement of water mains in Dickens St to McCormick St areas. The water mains targeted in this replacement made of Kalamein which are a top priority for replacement. They were all installed in 1914. This agreement is for design services only. Prior to bidding the project we will look to amend the agreement to include construction services.

Financial Implications: \$56,310
