Section 2. Employees at the Bargaining Table: The Employer agrees that no more than two (2) local representatives from the Union may have leave with pay for work time spent at the bargaining table for actual negotiating sessions with regard to the collective bargaining agreement with the Employer.

Section 3. Any incidental visits to union members by the union rep will take place during lunch or break times.

Section 4. Paid Release Time for Union Business: Union officers shall be granted paid release time to investigate grievances or participate in arbitration hearings or other hearings before the Board of Personnel Appeals involving bargaining unit employees or issues. Section 1. Upon written authorization by an individual employee, EMPLOYER shall deduct from the pay of such Employee the number of dues, fees, and assessments, as certified by the UNION, and remit such amount to the UNION. Section 3. Any Employee may revoke a written authorization for payroll deductions by written notice to the UNION in accordance with the terms and conditions of the continuing membership authorization. Every effort will be made to end the payroll deductions effective on the first payroll period and not later than the second payroll period after EMPLOYER receives written confirmation from the UNION that the terms for revocation of the Employee's authorization regarding payroll deduction have been met.

EMPLOYER will refer all Employee inquiries regarding the UNION revocation process to the UNION. EMPLOYER may answer any Employee inquiry about process or timing of payroll deductions.

Section 4. The UNION shall indemnify, defend, and hold EMPLOYER harmless against any claims made and any suit instituted against EMPLOYER as a result of payroll deductions from Employee for ASSOCIATION dues, fees, and assessments provided such deductions were made in accordance with EMPLOYER's good-faith reliance on the terms of a written payroll deduction authorization and at the direction of the UNION.

Section 5. The aggregate deductions shall be remitted, together with an itemized statement, to the UNION in a timely manner

ARTICLE 5 – HOURS OF WORK AND OVERTIME

Section 1. A work week shall comprise the time period Sunday through Saturday. Generally, the work hours shall begin on Monday and end on Friday unless advance notice to the contrary is given as outlined herein. The work schedule shall be comprised of five (5) eight (8) hour days or four (4) ten (10) hour days. Management shall establish employee work schedules. Eight (8) hours of work including two (2) fifteen (15) minute break periods, whenever feasible shall constitute a normal day's work, unless a work schedule of four (4) ten (10) hour days is approved by the supervisor to meet business needs.

Section 2. Employees whom labor for a work week longer than forty (40) hours, shall receive either compensation for the overtime employment at the rate of 1-1/2 times the hourly wage rate at which employed excluding special allowances and fringe benefits, or compensatory time for overtime work in excess of forty (40) hours within a work week at a rate of 1-1/2 times the number of extra overtime hours actually worked. Employees must elect Comp or cash OT once per fiscal year by completing the Comp election form. Compensatory time must be utilized by the end of the fiscal year of being earned, may not accrue more than 240 hours and will be cashed out if not used within this time period. The department, however, can make the decision to pay the employee at the overtime rate instead of allowing compensatory time. All overtime must be approved by the Supervisor prior to it being worked by an employee.

Section 3. In the event a Holiday falls on a supervisor approved remote workday, the employee shall have the option to work the next scheduled workday after the Holiday as their remote workday.

ARTICLE 6 – USE OF CITY VEHICLE

Section 1. At the discretion of the Supervisor, employees may drive city vehicles to and from their residences, located within 15 (fifteen) miles of the City of Missoula limits, unless otherwise approved by the Department Director or designee to facilitate efficiency in accommodation of inspection requests for;

- early-in-day inspections – those inspections performed prior to arrival at office / between residence and office
- late-in-day inspections – those inspections performed after departure from office / between office and residence

This inspection flexibility provides for saving time (elimination of dead-head driving), impacts to fossil fuels (reduced carbon footprint), responsiveness to contractor (citizen) demand / requests and staff productivity.

ARTICLE 7 SENIORITY AND FILLING OF BARGAINING UNIT POSITIONS

Section 1. "Seniority" means a city employee's total length of continuous service in a bargaining unit position. Seniority of employees who leave a bargaining unit position due to a temporary promotion (as defined herein) to work in a non-bargaining unit supervisory position shall be governed by Section 2 in this Article.

Section 2. A "temporary promotion" is defined as a promotion to a non-- bargaining unit supervisory position due to vacancy, illness or injury to a non-bargaining unit supervisor. A bargaining unit member temporarily promoted to such a supervisory position may continue to earn bargaining unit seniority for up to six (6) continuous months. Any time served as a temporary supervisor after six (6) continuous months shall not be allowed to count toward earned bargaining unit seniority. In the event a temporary supervisor receives a permanent supervisory assignment without having returned to the bargaining unit, bargaining unit seniority earned shall be frozen retroactive to the original date of the promotion to the temporary supervisor position.

Section 3. Other situations that may impact bargaining unit member seniority are as follows:

- a. To be absent from the job due to layoffs will be considered lost time for the purpose of accruing seniority; however, previous service upon reemployment shall count toward seniority.

- b. To be absent from the job due to involuntary active military leave will not affect seniority. Such time spent in military service will count towards seniority up to 30 days after the employee is released from active military duty.
- c. The employee's continuous service for the purpose of seniority shall be broken by voluntary resignation, discharges for justifiable cause, and retirement.

Section 4. Absences due to injury in the line of duty shall be considered as time worked for the purposes of accruing seniority only up to a maximum seniority accumulation time period of thirty (30) days after the worker is medically released by a physician. Once medically released by a physician, the injured worker must notify the City immediately of their ability to return to work and must express their intent to return to work. If at any time after the employee is injured the employee accepts employment elsewhere, the employee's right to accumulate seniority terminates pursuant to this provision as of the effective date of employee's resignation with the City of Missoula.

Section 5. Nothing in the seniority clause of this contract guarantees any employee the right to a promotion due to a vacancy within the division, however, seniority will be a factor in determining promotions within the department, into higher status, or higher paid positions.

Filling Bargaining Unit Positions

Section 6. Filling vacancies in bargaining unit positions: When a vacancy occurs in a bargaining unit position, the Director of the Public Works and Mobility Department (or designee) shall recruit internally and externally to fill the position. Nothing in this section requires any position to be filled.

Section 7. All bargaining unit employees who meet the minimum qualifications of the position and who apply for bargaining unit positions shall be interviewed as part of the selection process. Selection decisions shall be made on the basis of qualifications and relative abilities. Nothing in this clause restricts the Employer from considering applicants from outside the bargaining unit, however, if two or more bargaining unit employees have substantially equal qualifications and relative abilities and have greater qualifications and relative abilities than all external applicants for the position, the internal applicant with the greatest seniority, as defined in this Article, shall receive a tie-breaker preference.

Section 4. Employer will provide for a \$250 fiscal year clothing allowance which will be used to purchase clothing for working outdoors, in the field and will include items such as appropriate footwear, base layers for hot and cold working conditions in the field and/or safety prescription glasses. Such an allowance is not intended to assist in purchasing normal work clothing such as shirts, pants, shoes, etc- thus not all staff may use this annual amount if clothing for the field is not necessary.

Staff need not receive prior approval to purchase such items, but must present a receipt to the section's Administrative Specialist for reimbursement purposes. Employer agrees to increase the clothing allowance by 3% each year of the contract.

ARTICLE 9 – COMPENSATION AND TRAINING

Section 1. Classifications and wage rates shall be as negotiated and set forth in Schedule A.

Section 3. Career Ladders - The City agrees to provide Career Ladder opportunities by developing written career ladders that outline specific work elements necessary to promote through the ladder. Such ladders will be developed for the EPEI and SPC positions in FY23 and can be reviewed in Schedule B.

The union agrees to accept the City of Missoula Career Ladder procedure for details on how career ladder moves can be requested, frequency of moving within the ladder (no more than one time per Fiscal Year) and forms used to document justification for such moves.

The union agrees for the term of this contract that any staff in Level II of a career ladder will not be allowed to move to the Sr. Level until January 2024 or later. After the term of this contract, staff may move no more than one time per fiscal year.

Section 4. Training - The City of Missoula reserves the right to determine the training needs of the employees to provide success for each position and will provide training appropriately and accordingly and as it deems necessary. Approved training will allow all costs associated with the certification or training to be paid by the City. This includes cost of travel, when necessary, paid time during the training session and cost of the class.

Section 5. Pay Exceptions - The Supervisor or Public Works Director may request a "pay exception," under City Human Resources policies, for any bargaining unit employee. Such requests may address issues such as:

- demonstrated difficult recruitment and / or retention,
- specialized and / or highly-sought-after employee skills,
- job-market / labor issues,

Should the City of Missoula tentatively approve such a request, it shall notify the Union in writing. Implementation of any pay adjustment based on a pay exception request is contingent on the Union's agreement.

ARTICLE 10 - LAYOFF AND RECALL

Section 1. If due to shortage of work or funds, it becomes necessary to lay off any employees, employees shall be selected for layoff based on qualifications, relative abilities and seniority, except that where two or more bargaining unit employees have substantially equally qualifications and relative abilities, the least senior employee in a job classification subject to layoff shall be laid off first. The employee shall have the responsibility to keep the Employer informed of address changes. Failure to timely respond shall constitute a waiver of right to recall. All employee recall rights shall expire after eighteen (18) months after the employee's effective lay-off date.

Section 3. If layoff is due to change in the organization, and it becomes necessary for lay off, laid off staff will be placed on the city recall list and have their prior professional experience (such as utility, government, brownfield) education, qualifications and abilities will be considered for All open positions within the city.

15 years through 20 years	21	168
20 years or more	24	192

Section 4. Scheduling of vacation leave will be accomplished by cooperation between the employee and the Department Head or designee. The Employer shall consider both employee's needs and the needs of the Employer when approving or denying vacation leave requests, however, the Employer reserves the right to approve or deny all vacation leave requests.

Section 5. Accumulation of vacation leave.

- a. Pursuant to Montana State law, annual vacation leave may be accumulated to a total not to exceed two times the maximum number of days earned annually as of the end of the first pay period of the next calendar year. The amount of vacation leave that exceeds the maximum amount which may be accumulated is the excess vacation leave. Excess vacation leave must be used within 90 days of the end of the calendar year. However, excess vacation leave is not forfeited if a reasonable request to take excess leave is made in writing and denied within 90 calendar days from the last day of the calendar year in which the excess was accrued. In the event that the employee requests use of excess vacation leave within the 90-day grace period and that request is denied, the employee shall be given the opportunity to use the excess vacation leave before the end of the calendar year in which the use of excess vacation leave was requested. The balance of excess leave remaining after the end of the calendar year in which a reasonable request was made shall be forfeited, effective on the first day of the subsequent calendar year.
- b. An employee who terminates their employment for reason not reflecting discredit on the employee shall be entitled upon the date of such termination to cash compensation for unused vacation leave, if the employee has worked the qualifying period set forth in Section 2-18-611, M.C.A.
- c. However, if an employee transfers to another department or agency of the City, there shall be no cash compensation paid for unused vacation leave. In such a transfer the receiving department or City agency assumes liability for vacation credits transferred with the employee

ARTICLE 16 - SICK LEAVE

Section 1. Pursuant to Montana State law, each regular full-time employee shall earn sick leave credits from the first day of employment. For calculating sick leave credits, 2,080 hours (52 weeks x 40 hours) shall equal one (1) year. Sick leave credits shall be credited at the end of each pay period. Sick leave credits shall be earned at the rate of 12 working days for each year of service without restriction as to the number of working days that may be accumulated. A working day equals eight (8) hours for the purpose of accumulating sick leave credits. Employees are not entitled to be paid sick leave until they have been continuously employed ninety (90) days.

Section 2. Pursuant to Montana State law, an employee may not accrue sick leave credits while in a leave without pay status.

Section 3. Pursuant to Montana State law, an employee who terminates employment with the City is entitled to a lump-sum payment equal to one-fourth of the pay attributed to the accumulated sick leave. The pay attributed to the accumulated sick leave shall be computed on the basis of the employee's salary or wage at the time they terminate their employment with the city. Where an employee transfers between departments or agencies within the City government, the employee shall not be entitled to a lump-sum payment. In such a transfer the receiving department or agency shall assume the liability for the accrued sick leave credits earned and transferred with the employee.

Section 4. Whenever the Department Head or designee, in consultation with the Human Resources Department, has reason to believe that an individual employee might be abusing sick leave, the employee using sick leave may be required to substantiate or provide documentation for this usage. In all other instances, the City retains the right to require the employee to substantiate their claim or use of sick leave any time the employee is sick more than three consecutive workdays, whether or not the City suspects abuse of sick leave.

Section 5. Employees may use accumulated sick leave after the state law qualifying time period for, (a) their own personal illnesses; (b) a serious affliction of one of the employee's immediate family, who is a member of the employee's household, and the employee's actual presence is necessary to care for the sick individual; (c) attendance at a funeral of one of the employee's immediate family for up to three (3) days unless prior approval for additional sick leave time off is granted by the Department Head or designee. The immediate family shall mean the employee's spouse and any member of the employee's household or any parent, child, grandparent, grandchild or corresponding in-law.

Section 6. Termination pay shall be paid on the next regularly scheduled payday after the date of termination.

Section 7. An employee who receives a lump-sum payment pursuant to this Article and who is again employed by the City shall not be credited with any sick leave for which the employee has previously been compensated as part of termination pay.

Section 8. Abuse of sick leave is cause for dismissal and forfeiture of the lump-sum payments provided for in Section 3. Abuse of sick leave includes but is not limited to misrepresentation of the actual reason for charging an absence to sick leave, which may also constitute and be just cause for both dismissal and forfeiture of the lump-sum termination payment. Chronic, persistent, or patterned use of sick leave may be subject to progressive discipline that may eventually constitute just cause for both dismissal and forfeiture of the lump-sum termination payment. Absences improperly charged to sick leave may, at the City's discretion, be charged to available compensatory time or leave without pay. Sick leave

abuse may result in an employee's dismissal and forfeiture of the lump-sum termination payment.

Section 9. Any employee intending to make proper use of approved sick leave shall notify the Department Head or designee as soon as possible either prior to the commencement of each day's work shift or immediately at the start of a scheduled work shift of the employee's need to make use of sick leave.

Authority of the arbitrator is limited to matters of interpretation or application of the express provisions of this Agreement that directly pertain to the issue(s) submitted in writing for arbitration. The arbitrator shall consider and decide only the specific issues submitted in writing and shall have no power or authority to add to, subtract from, amend, or modify any of the terms or provisions of this Agreement.

All new employees shall serve a six-month probationary period. This six-month probationary period may be extended up to one year upon written notice to the employee by the Employer. The Employer may dismiss a probationary employee at any time during the probationary period. A probationary employee who is dismissed shall not be able to use the grievance procedure set forth herein as a means of contesting the probationary employee's dismissal. In the event that a probationary employee is laid off, all previous service time with the City shall be credited to the probationary period if the Employee subsequently returns to work for the City in the same position held prior to the layoff.
