**CITY OF MISSOULA – EDITH STREET – MOUNT TO CROSBY WATER SYSTEM
IMPROVEMENTS
CITY OF MISSOULA PROJECT NO. 2023-MSS-PWI-00014**

Bids were received by the City of Missoula for the Edith Street – Mount to Crosby Water System Improvements until 3:00 PM January 30, 2024. This memorandum summarizes information pertaining to bidding, the bids received, and makes a recommendation on a course of action.

ADVERTISEMENT / BIDDING PERIOD

The project was advertised on two separate occasions in the Missoulian. Additionally the project was advertised via the QuestCDN online construction data network and plans exchange, and was uploaded to montanabid.com, which posts the advertisement in all Montana plan exchanges.

The bidding period allowed approximately 2.5 weeks for Contractors to prepare their bids. A mandatory pre-bid meeting was held virtually via a Microsoft Teams meeting approximately 1 week prior to bid opening. This meeting was used to discuss the project plans, specifications, and requirements; electronic bidding process; and answer questions from Contractors. Bidders in attendance included Jackson Contractor Group, Grant Creek Construction, RLC Enterprise, Western Municipal Construction, Gold Peak Excavating, Prospect Construction Inc., Western Excavating, and Emerine Contracting.

Two project addenda were issued during the bidding period. Addendum No. 1 was issued on January 24, 2024. This addendum included general clarifications, update to a bid item description, and provided meeting minutes for the Pre-Bid Conference. Addendum No. 2 was issued on January 26, 2024. This addendum provided updates to measurement and payment, and clarification of hydrant removal requirements.

BIDS RECEIVED

Seven bids were received electronically through the QuestCDN system. All bids were received on the Bid Date and prior to the closing deadline.

The following table summarizes total bid prices received. Attached to this memorandum is a certified bid tabulation that provides an item-by-item comparison between the bids received and the engineer's estimate of probable costs. The project is subject to the City of Missoula's Apprenticeship Bidders Preference Program which will be a 5% bidders' preference on projects exceeding \$500,000, with a maximum preference for registered

programs of \$100,000. One bidder, Prospect Construction, Inc., claimed preference for a Montana Apprenticeship Program.

Engineer's Estimate**	\$785,000.00		\$785,000.00

RLC Enterprise is the low bidder with the total bid price being \$831,043.53. The low bid is approximately 6% higher than the Engineer's Estimate.

**Note: There was a discrepancy on the Engineer's Estimate value provided and the cost of asphalt restoration and Type B concrete curb were not included.

EVALUATION OF LOW BIDDER

RLC Enterprise provided qualifications for the project superintendent. RLC Enterprise appears to be qualified to complete a project of this complexity with experience in water main replacement projects.

Morrison-Maierle recommends the award of a contract for construction of Edith Street – Mount to Crosby Water System Improvements to RLC Enterprise in the amount of \$831,043.53.
