Attn: Adam Marsh, P.E.
Utility Engineer
City of Missoula
435 Ryman Street
Missoula, MT 59802

Project name: City of Missoula WWTP RAS System Valve Installation (City of Missoula Project No. 24-002)

Subject: City of Missoula WWTP RAS System Valve Installation Bid Results and Award Recommendation

Dear Adam,

To summarize, the bids for the City of Missoula WWTP RAS System Valve Installation were due electronically via the QuestCDN bidding site on October 30th, at 2:00 P.M. (local MST time). The bids were opened electronically by Adam Marsh, P.E., City of Missoula Utility Engineer. There was one (1) electronic bid submitted, from Western Municipal Construction, Inc. The electronic bid was reviewed and considered responsive and accepted by the City.

Jacobs has reviewed the submitted bids for accuracy and completeness, included bidding forms and requirements and bid price. A review of the Bid Form was also conducted and deemed acceptable. The bidder acknowledged the three (3) addenda, submitted the Bid Bond, and completed and uploaded to QuestCDN the Information Required of Bidders, Bid Form, Certification Regarding Debarment, Certification of Non-Segregated Facilities, MBE WBE Subcontractor Solicitation Information, Apprentice Bidders Preference Form and Non-Collusion Affidavit.

After thorough review, it has been determined that **Western Municipal Construction Inc** is the apparent lowest responsive bidder for the project. Please see the attached Certified Bid Tabulation summarizing the submitted bid. After discussion with the City, we recommend award to **Western Municipal Construction Inc** for the Base Bid at a cost of \$1,104,000.00 for the above-mentioned project. We also recommend awarding additive alternatives 1-3 for a total bid cost of **\$1,126,800**.

Please see the included enclosures that are both for your records and are required to be provided to DEQ for the SRF loan program to receive Authorization to Award:

- Certified Bid Tabulation
- Publication Notice
- Required Bidding Information – Western Municipal Construction Inc.

If you have any questions, comments, or concerns, please feel free to reach me at (406) 212-4520 or jodie.binger@jacobs.com.
