Background and Alternatives Explored: The Missoula Parking Commission’s Board adopted the Expansion and Optimization Implementation and Action Plan in June 2024. Since then, Parking Commission staff have been preparing to propose jurisdiction expansion to Council. Staff met with the Mayor and some councilors, worked with GIS to develop public-facing maps for community engagement, and established a data collection system for proposed areas. The parking plan included a recommendation to amend ordinance 10.22.240 to permit Council to adjust the Parking Commission’s jurisdictional boundaries through resolutions. This ordinance amendment is an initial step toward creating a more adaptable process for updating jurisdictional boundaries.
