Background and Alternatives Explored:
The project is located adjacent to 821 S. Orange Street and 337 Stephens Avenue. The project consists of installing an eleven feet wide shared use bike and pedestrian concrete path, bike ramps and associated improvements along Orange Street and Stephens Avenue.

Development Services has obtained an encroachment permit and HSSRA approval from the Montana Department of Transportation. Also, a City / State Memorandum of Agreement was created for this project. The City has also received easements from the adjacent property owners allowing this project to move into the construction phase.

Bids were opened on February 28, 2020. The attachment shows the contractors bidding on this project and their bid price.

Financial Implications:
This project is part of the fiscal year 2020 capital improvement program and has a budget of $75,000.
