Engage Missoula

I own lots 2 and 4 in the Tanja development next door to the church and proposed tower. I am so lucky to have my twin boys to finish college here. they will be building on lots 2-4 and living here in Missoula. I am against this tower!! these lots were purchase without any obstruction for the incredible views it has! All i can say , if this tower was being installed next to your property i cant believe it would be welcomed in anyones neighborhood. John Ottman
