Subject: **Wireless Communication Facility proposal at Garrett St**

Zoe,

I am strongly against the building of a radio tower near my property at Tanja Heights 2608 Gharrett St.

A tower will have a significant adverse impact on the neighborhood and more.

I bought my property to enjoy the beautiful landscape. A tower would be an ugly giant rising above our homes in the community.

It would be an eyesore blocking views of the sky and mountains. The joyful feeling and peace of mind residents get coming and going from our hillside--and paid for--will be scarred.

There are serious real estate concerns too. No one wants to live by a radio tower. Building one would hurt our resale values.

I urge city planning and the city council to reject this tower proposal for the good of the people in our community and so that everyone can continue to enjoy the beautiful landscape.

Thank you

Michael Lee
