To City Council

I want to voice my support for replacing CD-1 with CD-2 across the city. CD-1 places excessive limitations on civic land at a time when Missoula is facing real housing challenges. The Long Range Plan emphasizes housing opportunity and flexibility in all neighborhoods, but CD-1 contradicts that vision by being overly restrictive. CD-2 aligns much better with our community's goals and provides room for the kind of growth and development we need. The Planning Board clearly saw this and voted unanimously for CD-2. I hope you'll adopt their recommendation
