Subject: UDC comments, from Rattlesnake Transportation Committee
Date: Wednesday, January 14, 2026 8:40:57 AM

You don't often get email from rattlesnaketransportationplan@gmail.com. [Learn why this is important](#)

Greetings City Council, City Staff,

At our meeting last night discussing the UDC and related documents, our group of 12 Rattlesnake citizens decided unanimously to send you these 3 comment:

- 1- We believe improved public transit is essential for the City of Missoula and the Rattlesnake Valley.
- 2- We believe that requiring secure and safe long term bike parking is very important for the larger developments.
- 3- We greatly support allowing midblock commercial in neighborhoods, with the goal of helping Missoula and the Rattlesnake become a more walkable community.

Thank you very much,

Bob Giordano, Rattlesnake Transportation Committee chair
