Mayor John Engen and Missoula City Council
435 Ryman
Missoula, MT 59802

Dear Mayor and Council Members,

Although I live near the top of Grant Creek Road (at the junction of Bench Road), I am extremely concerned about only one access for incoming and outgoing traffic at the very beginning of Grant Creek Road. Even with the additional lane being constructed, long lines will occur during the summer with tourists and semis stopping for gas and during the winter with the many vehicles going to and returning from Snow Bowl.

The current traffic flow is already dangerous for emergency vehicles, be it fire or police, to get through the intersection, let alone up to my house. There is no cell phone service up here, so contact during an emergency is limited.

PLEASE DO NOT ALLOW REZONING OF THE GRAVEL PIT. It affects everyone's lives and safety up Grant Creek. I am not against the current zoning laws.

Thank you for your consideration.

Very sincerely,

Gloria Langstaff
