Subject: Rezone 2920ExpoParkway

I have lived in the Cottonwood Condos in Grant Creek for several years. I chose to live here for easy accessibility to the city commerce and activities, while being in a quiet, peaceful setting. That will change drastically if you approve the rezoning to high density apartments. There will be a resulting rise in congestion, noise and crime. The very reasons I chose to live here will be taken away. I have no problem with the development in accordance with the current zoning. Please vote no to the rezoning request.

Sincerely,
