Subject: Im opposed to rezoning of 2920 Expo Parkway
Date: Tuesday, July 21, 2020 3:04:28 PM

Mr DeGrandpre & City council

We have lived in the Prospect neighborhood up Grant Creek for over 20 yrs. We are opposed to the rezoning of 2920 Expo Parkway because of the major increase in traffic for Grant Creek. It is already difficult to leave Grant Creek at the Hwy 90 light. The added pressure due to additional units would cause even longer backups. If you are coming out of starbucks or town pump, there are times you have to drive UP Grant creek road just to get into line to travel through the hwy 90 light.

A new development would make things crowded but Im sure we can deal with it, however the request to increase the units would be too much.
