---

Greetings All,

Please deny the rezoning request of The Quarry at 2920 Expo Parkway. Traffic entering and leaving Grant Creek is already snarled. Adding what amounts to a small city in the neighborhood will make the traffic situation untenable.

Also, with the traffic capacity being pushed past its limit, the residents of this community would be put in clear and present danger in the event of a mass evacuation due to forest fire, flooding, etc. Finally, if a small city of apartment buildings were built here, the character and sensibility of this community would change tragically for the worse. Please do your part to not let this happen.

Sincerely,  
Chad Cleveland  
2803 Rockridge CT #2  
Grant Creek Resident and home owner
