---

## Advocacy

---

### Pedal Missoula

Board member / treasurer

- Organize community cycling events to boost community engagement
- Participate in long-term planning and organizational strategy

### Mtb Missoula

Annual family member/ supporter

- Work on volunteer trail crews to clean and maintain local single track
- Participate in local fundraising events.

### Free Cycles Missoula

Volunteer and patron

- Built display system for showroom with recycled bike parts
- Participate in group bicycle rides with staff and community members

### Soil Cycle

Volunteer and patron

- Bike finished compost to Soil Cycle subscribers throughout Missoula
- Attend community fundraising events

Whether I am dropping my son at pre-k, joining my friends for a morning cup of coffee, or traveling deep into the Rattlesnake to hunt, I am almost always traveling by bicycle. I envision a Missoula where mountain bikers can easily move from urban space to trailheads to wild places and back again. As an

advisory board member, I hope to promote innovative urban singletrack development, as well as cycling connectivity to local open space.
