10. Minimum Wage Rates: In accordance with Montana Law (Section 18-2-403, MCA), on contracts for state, county, municipal school construction, heavy highway, or municipal

construction, repair, or maintenance work under any of the laws of the state, the Contractor shall give preference to the employment of bona fide Montana residents in the performance of said contract, and shall further pay the standard prevailing rate of wages including fringe benefits and travel allowances in effect as paid in the county or locality in which the work is being performed. The provisions of Section 18-2-409, MCA, requires 50 percent of the workers on the project to be Montana residents.

The minimum wages, if included as a part of the contract documents, are not controlling except as to the minimum for the purpose of the Davis-Bacon Act; therefore, it is incumbent upon each employer to pay the standard prevailing rate of wages, including fringe benefits for health and welfare and pension contributions and travel allowance provisions in effect and applicable to the county or locality in which the work is being performed. The prevailing wage rate schedule in effect at the time this project is first advertised shall be used throughout the duration of the contract as prescribed in Administrative Rules of Montana (ARM) 24.17.127(1)(c).

“Standard Prevailing Rate of Wages” is defined by Section 18-2-402, MCA, as including wages, fringe benefits for health and welfare and pension contributions, and travel allowance which are paid in the city or locality by other contractors for work of a similar character performed in the county or locality by each craft, classification, or type of worker needed to complete a contract.

In accordance with Montana Law (Section 18-2-422, MCA), each contractor and employer shall maintain payroll records in a manner readily capable of being certified for submission under MCA 18-2-423, for not less than three years after the Contractor’s completion of work on this project.

Travel allowance, if applicable, may or may not be all inclusive of “travel” and/or subsistence and travel time due employees. It is incumbent on the employer to determine the amounts due for each craft employed according to the method of computation outlined for each craft where applicable.

To comply with Section 18-2-406, MCA, the Contractor performing work or providing construction services shall post in a prominent and accessible site on the project or staging area, not later than the first day of work and continuing for the entire duration of the project, a legible statement of all wages and fringe benefits to be paid to the employees.

Per Montana Law, (Section 18-2-407, MCA), any contractor, subcontractor, or employer who pays workers or employees at less than the standard prevailing wage as established under the public works contract shall forfeit a penalty at a rate of up to 20% of the delinquent wages plus fringe benefits, attorney fees, audit fees, and court costs. Money collected under this section must be deposited in the Montana general fund. A contractor, subcontractor, or employer shall also forfeit to the employee the amount of wages owed plus \$25 a day for each day that the employee was underpaid.

Copies of the current prevailing rate of wages may be obtained from the Montana State Department of Labor and Industry, Labor Standards Division, Helena, Montana.

Any infractions of the Laws of the State of Montana covering labor will be forwarded to the State of Montana, Department of Labor and Industry, Labor Standards Division.

The contractor performing work on a “public works contract” shall not pay less than the latest Montana Labor Standard Provisions minimum wage as determined by the U.S. Secretary of Labor. A copy of said wage rate is attached as part of the contract documents. The provisions of this part do not apply in those instances in which the standard prevailing rate of wages is determined by federal law. “Public works contract” means a contract for construction services let by the state, county, municipality, school district, or political subdivision or for non-construction services let by the state, county, municipality, or political subdivision in which the total cost of the contract is in excess of \$25,000.

Contractor shall utilize the Montana Statewide Davis-Bacon Heavy Construction Wage Rates included in the Montana Prevailing Wage Rate Schedule for Heavy Construction effective January 2, 2020, which is attached as Exhibit C.
