> Hi All – As mentioned in previous emails, we wanted to meet with you all on-site regarding the Trinity Colley project. We are hoping to discuss the best approach for servicing the proposed structures on site and review with you all our current site plan. Northwestern has proposed Monday (07/27) at 3:00PM. If this time works for the rest of you, please respond to this email to confirm that you can be there and I can get it on the calendar.
