Dear Ms. Vickers:

Thank you for your September 17, 2020, letter requesting U.S. Fish and Wildlife Service comment on the Trinity Mullan Subdivision. The proposed development consists of a two-lot minor subdivision at 2340 Mullan Road in Missoula, Missoula County, Montana. Lot 1 consists of 5.28 acres and will be used for a 130-unit deed-restricted affordable housing project. Lot 2 is 17.11 acres and will continue to be used by Missoula County for the Missoula County Detention Center, Missoula Pre-Release Center, and an evidence storage building.

The U.S. Fish and Wildlife Service reviewed your letter. Based on the information provided, we have no comments regarding federally listed or proposed threatened or endangered species or other trust species. Additional information regarding listed species that may occur within the project footprint may be obtained using the IPaC project-planning tool, which streamlines the USFWS environmental review process at <https://ecos.fws.gov/ipac/>.

Thank you for the opportunity to comment. If you have any questions or comments about this correspondence please contact Karen Newlon at karen_newlon@fws.gov or 406-449-5225, extension 209.

Sincerely,

Jacob M. (Jake) Martin
