Timeline:

Referral to committee:	March 8, 2021
Committee discussion:	March 10, 2021
Council action (or sets hearing):	March 22, 2021
Public Hearing:	N/A
Deadline:	N/A

Background and Alternatives Explored:

The construction materials indicated are essential for most street maintenance- and construction-related activities, including sand for snow operations; chips and emulsified asphalt for chip sealing; asphalt for paving, construction, and pothole patching; and drain aggregate for storm

sewer maintenance. A comparison with bids from previous years are included on the bid tabulation document.

The Streets Division followed the City's Procurement Policy by conducting a bidding process for the materials.

Financial Implications:

Costs will be paid from the Street Division's annual budget.
