New (0)		<p>The fact the zero parkland or open space has been purchased with cash in lieu funds is extremely troubling. Staff couldn't answer simple questions asked by the Planning Board, which is also very troubling. Park and trail plans have been ignored by the city in the past, when cash in lieu was given. That whole principle needs to be restructured, if not removed entirely.</p> <p>Scoops, 18 Apr 2021, 7:55</p> <p>Thank you for your comments, we will forward them to the City Council.</p> <div><button>Edit</button><button>Archive</button></div>
