I am on the Board of the Glengarra Sr. Living facility in Missoula. Many of the drive cars and have visitors. The six proposed parking spaces does not seem at all to be enough to accommodate the needs of any facility of this size no matter what is required by law. A facility of this size is definitely needed as the Glengarra facility is always full with many waiting to be accepted if an opening occurs. At times there were 200 requests for housing in the past two years. It would be a great facility for you to visit and see it's accommodations as you review the building request for the 6th street project. Thank you. Sandy Davies
